• Installation guide

Step 1
Connect the USB cable to power adaptor.

Step 2
Once the power supply is connected to the power outlet, connect the micro-USB to the terminal.

Step 3
Turn the power outlet ON and the orange power light will come on showing the terminal is charging.

Step 1
Place the charging dock on a soft surface
with the back facing up.

Step 2
Lift the cable tidy.

Step 3
Connect the power cable into the DC 9V port
and the power supply to the power outlet.

Step 4
The green power indicator will appear when
the charging dock is receiving power.

Step 5
Place the terminal onto the charging dock.

Step 6
If the terminal is receiving power
a solid orange light will appear.
